GRINDING valves a thing of the past.
Thousands of auto owners are rejoicing because at last a preparation has been invented to eliminate 80 per cent of engine trouble. It costs the average automobile owner \$100 a year for grinding valves and having carbon cut out of their cylinders, besides being deprived of the use of the car while in the shop. One spoonful of Carbon Chaser to each 5 gallons of gasoline will do the work, and a trial will convince you. Your money back if it fails. For sale by Carbon Chaser Co. 13 South Cooper st.
